## A NEW SEASON FOR THE BRIDGE

Vol. 6, #2, Oct. 2010

*The Bridge celebrated new relationships with Sunday summer picnics*

The Bridge International Church celebrated the first six months by welcoming people back from summer vacation in what proved to be record attendance. This early period also featured incredible ministry with visiting missions teams from eight states.

#### The Family

We survived language school and our children are now overcoming the challenges of year two in French schools. Thank you for your continued prayer for our children and our language development!

#### The Building

We are pursuing a 8800 ft.<sup>2</sup> building to house the church and ministry center. Major renovations will be required but the layout and location is ideal.

#### Prayer Focus

- **Building negotiations.** Many financial and bureaucratic obstacles remain.
- **Leadership development.** The church is in a stage where lay people will be encouraged to take leadership.
